NEU Industrial Action for 15th & 16th March 2023

Dear Parents & Carers

As you will be well aware by now, there are further National Education Union (NEU) industrial action dates planned for Wednesday 15th March and Thursday 16th March.

We await direction from the NEU with regard to any actions arising from Union / Government negotiation, but it looks very likely these days will go ahead as planned.

By the end of this week, we should have a clearer picture of how this affects each school, but in the meantime, you should prepare for the **schools being closed on the 15th and 16th March**. This may also impact our Children's Centres.

You will hear from each individual school by the end of this week with a further update.

Yours sincerely
